"Merry Christmas and a Happy New Year"

Jamaica MissionsTrip , November -December.
Kevin just got back from Jamaica and it was an amazing and unpredictable trip.It started with large groups of schools where he presented the Gospel in Westmoreland then to Manchester area finishing up in St. Elizabeth. Dr Irvin D Clown presented the Gospel 50 times in 2 weeks and 5,929 prayed and gave their lives to Jesus **Street Witnessing in Jamaica** Kevin had many opportunities to witness at restaurants and on the side of the road. Dr Irvin D Clown had just been to a Basic school (ages 3-6) when people on the side of the road said "Show us a trick". That's where Tyrone and Simet accepted Jesus. Six men in Westmoreland, one smoking marijuana asked to see Irvin and 5 prayed to accept Jesus. Pray for these men. **Healing in Jamaica** Kevin prayed for a Tina (teen) to be healed of a bad head ache and pain in her legs. She said the pain went away. By the next day the news got to Kevin's host family and people from their family came from close by to their house for prayer. Cousin John walked bent over because of pain in his back and Irvin D Clown prayed for him and he started walking upright. John then came back the next day because a little pain was still there. Irvin prayed again and he did not come back. Grandad Clarence, age 79, had pain in his shoulder and back. After receiving prayer the pain in his back & shoulder went away but then showed up in his legs. More prayer was given and Clarence was moving all his joints to make sure all the pain was gone and it was.
